50		MATH:	Finish the math book-one and two-whenever your teacher left off.	

Kindergarten Summer Learning Resources

Dear parents,

Below are some websites that will help your child review the skills that were taught during the kindergarten year. Use these websites throughout the summer so your child will retain the information that was taught throughout the school year and during at-home learning.

abcmouse.com
abcya.com
starfall.com
splashlearn.com
RAZkids.com

Have a great summer!

Mrs. Dankenbring, Mrs. Carroll, Mrs. Lemons, Mrs. Reno

1st Grade E-Learning Websites for Continuing Summer Education

First Grade Parents:

Our hope is that the kids will continue to read at least 1 book a day to an adult and that they keep on practicing their writing by keeping a summer journal. As you look over their writing, please remind them to be a 5-star writer!

Our 5-stars are:

1.  Did you start your sentence with a capital letter?
2.  Did you spell your word wall words correctly?
3.  Did you leave spaces between your words?
4.  Did you end with the correct punctuation?
5.  Does your sentence make sense?

Third Grade Summer Learning Activities

Math

www.abcya.com (fractions, measurement, graphing, perimeter/area, geometry)

www.multiplication.com (multiplication/division facts)

www.ixl.com (don't need an account to review skills-10 free per standard - same math areas as above)

www.wowzers.com

www.khanacademy.com

www.xtramath.com (you will need to create a parent account. This is for math fact practice)

www.prodigy.com (math practice in game-like format)

Reading/Language Arts
